

Parent Volunteers

We understand that many parents wish to be more involved in school life and we encourage this.

Here are some ways you can become more actively involved:

- Assist with a special interest club – be involved in projects connected with your field of expertise
- Speak to classes about your career or special expertise – resource for information or contacts about relevant subjects/areas of interest
- Be a mentor – offer voluntary placements for students to gain knowledge of fields of study
- Volunteer to help with our Learning Support programme
- Volunteer to help with our sports programmes
- Help with setting up community service projects

The above list is neither exhaustive nor definitive, if you have any other thoughts, ideas or suggestions we would be pleased to hear from you.

Our goal is that you will enjoy the opportunity to share your time, talents and skills while helping our students succeed in school and in life.

Many parents and alumni are and have been involved in many ways to date, and we thank you very much for this. Your contribution is most appreciated by staff, students and parents alike.

When you take part in school activities, you will be briefed of the instructions / expectations in advance by senior management or the teacher in charge. If you are interested, have the time and are committed to helping us in any of the ways above or have any other suggestions. We are always open to ideas.

We may also contact you if we know you have a relevant field of expertise or have helped before in a certain area. Please do not feel obliged to say yes if you have other commitments. We do understand and are grateful, for any help / time you can spare.
